Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Science Readers, Vol. 1 This series of Reading Books forms the natural complement of the authors Object Lessons in Elementary Science, published last year for the use of teachers. The commendation which these lessons have received encourages the author to hope that the Reading Books will be found useful, not only in those schools in which Elementary Science is taken as a class subject, but also for the purposes of an ordinary reader. Although the subjects follow the general course of the Teachers Oral Lessons, the order has been considerably altered, with the view of avoiding monotony in the character of the successive lessons, and of maintaining as far as possible a general level of attractiveness throughout each book. To play at keeping school is one of the commonest of children s games. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
