Excerpt: . . . pass, even though his shop were not there. Here he utilizes his shop windows and signs to draw customers into his shop, the two elements of convenience of location and advertising advantage working hand in hand. Wholesaling may be divided into two main classes: First, wholesaling of objects of great weight or bulk but relatively small value, which seeks locations near transportation lines or termini for economy of handling, the selling being done by traveling salesmen or by selling agencies located in the business centre; and second wholesaling of articles of small bulk but high value in the retail-wholesale way, that is, making up an order including a variety of objects for the trade only--which seeks locations near their chief customers, the retail stores. Here the Second Street, Seattle, in 1876, looking south. Lots which sold in 1860 for 10 now bring 120, 000....
