Blurb, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Imagine you had a process for making tough decisions that allowed you to move through life with confidence. Secrets of Decision Island gives you a practical approach to making good decisions while still using your emotion, intuition and values. This remarkable book leads you through a structured way of thinking about important decisions that can change your life. Especially if you are a teen or young adult, this book helps you decide who to involve in your decisions and when to involve them. It shows you how to practice on less important decisions, and build skills to help you make decisions with bigger consequences. Tom uses easy metaphors to help you see situations in new ways. The metaphor of bringing people onto your confidential decision island helps you visualize the position you are putting them in when you share a secret. Graphic metaphors, like the speedometer, help you visually rate the decision choices you consider. A summary of the 30 secret tips helps to remind you of simple wisdoms shared throughout the book. Too often, no one teaches us how to make good decisions while growing up, in school, or even at work. Yet it is the single most important thing you can do to shape your life. This book starts you on your way.
