Reviews

A high quality pdf as well as the typeface applied was exciting to see. It really is written in simple words and phrases rather than difficult to understand. You will not really feel monotony at any time of your time (that's what catalogs are for relating to in the event you question me).

Peter Lang AG, Internationaler Verlag der Wissenschaften. Paperback. Book Condition: new. BRAND NEW, The Ecological Voice in Recent German-Swiss Prose (1st New edition), Andrew Liston, This study focuses on the five most prominent Swiss writers of the last thirty-five years whose work features ecological crisis. It is an analysis of five narratologically divergent styles, ranging from the eco-parables of Franz Hohler to the hermeneutically defiant work of Gertrud Leutenegger. Between these poles, the author also explores works by Walther Kauer, Max Frisch and Beat Sterchi. Previously unpublished material from interviews with three of the authors is included. These writers are not only the most widely read and respected ecologically committed authors in Switzerland but also present a wide range of approaches to ecological problems in terms of both form and content. The study's purpose is not merely to provide a survey of fictional, ecological discourse in Switzerland but to analyse the literary strategies used: how well do the ways the authors tell their tales support their critical thrust? This question is posed within the proposition of the theoretical framework of an 'ecological voice'.
