## BURN: A TEASE NOVELLA (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.I see my friends falling in love. Head over heels, passionately, intensely, erotically, in love. And all I can think is how incredibly stupid they are. Love is the most dangerous thing there is, dont they know that? Love will break you. Love will take everything you care about. Love will erase you. I know this because Ive lived it. Theres nothing I want less in my life than love. And so far, Ive done a damn good job of keeping people away. My friends dont really know me and I havent spoken to my family in years. I use men when I need them because thats all theyre good for. Its best to keep everyone at arms length. Or better yet, a good mile or two. All of this was working brilliantly until Michael-fucking-Sutherland snuck up on me. It happened so fast, so completely unexpectedly, that it was over before I knew what Id done.Id let someone see the real me. He cut straight through my barriers and lies as if they werent even there, like some sort of superhuman sex god. And even worse? I think I liked it. I think.I think I liked finally being seen. Its unlocked something inside me that was better left buried and forgotten, and now Im on the verge of being as supremely stupid as all my love-drunk friends.something Michael Sutherland seems damned determined to make a reality. \*\*\*Burn is a stand-alone novella in the Tease series.
