Reviews

This ebook can be worthy of a read, and much better than other. I have read and i am certain that i am going to planning to go through again once again in the future. You may like just how the writer compose this book.

STUDIES OF THE SIERRA (PAPERBACK)

COSIMO CLASSICS, United States, 2006. Paperback. Book Condition: New. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Though the gigantic glaciers of the Sierra are dead, their history is indelibly recorded in characters of rock, mountain, canon, and forest; and, although other hieroglyphics are being incessantly engraved over these, line upon line, the glacial characters are so enormously emphasized that they rise free and unconfused in sublime relief, through every after inscription, whether of the torrent, the avalanche, or the restless heaving atmosphere. -from Ancient Glaciers and Their Pathways Perhaps the most important of the founders of the modern conservation movement and an immense influence on animal-rights philosophies, John Muir was a champion of the preservation of unspoiled wilderness. His studies and surveys of Yosemite Valley and the Sierra Nevada mountains in the late 19th century-and his love of their untamed beauty-led directly to federal protection of vast ranges of virgin Western lands. Here, in one volume, are seven articles Muir wrote for Overland Monthly in 1874 and 1875 that contributed enormously to our understanding of the rugged landscapes of Yosemite Valley, one of the great natural treasures of North America. His explorations of the land and the facts he so painstakingly gathered about soils, the impact of ancient glaciers, and the formation of its mountains were of inestimable value to the geologists of his day, and continue to fascinate nature lovers today. A legend of the American West and the careful guardianship of the environment-as well as the freedom the natural world represents-Muir s writings are must reading for anyone who appreciates the wild splendor of our planet. Also available from Cosimo Classics: Muir s Letters to a Friend and Steep Trails. OF INTEREST TO: fans of Muir s life and work, armchair...
