Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Narcotic Drug Diseases and Allied Ailments: Pathology, Pathogenesis, and Treatment The conviction, reinforced by long experience, that drug habitues are, in most cases, the blameless victims of disease, and that they not only merit sympathy and consideration, but are entitled to rational and skillful medical aid, such as is accorded the sufferers from other physical ailments, has impelled the author to write and publish this work. This volume treats narcotic addiction as a disease, a toxemia, of drug, auto and intestinal origin, the management and treatment of which belong to the field of internal medicine and not to neurology. The vital and essential principle of the treatment advocated is elimination. This method, with all its auxiliaries, is presented herein in detail, and furnishes a rational basis for the scientific medication and humane management of these cases. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
