

Finch Discoveries: An Inspiring Tale of Adaptation to a Changing Environment (Paperback)

Filesize: 5.78 MB

Reviews

I actually began looking over this ebook. I could possibly comprehend everything using this published e publication. You won't feel monotony at any time of your time (that's what catalogues are for regarding if you request me).

(Arnold Nienow)

FINCH DISCOVERIES: AN INSPIRING TALE OF ADAPTATION TO A CHANGING ENVIRONMENT (PAPERBACK)

Dancing Journey Press, United States, 2013. Paperback. Book Condition: New. Bert Dodson (illustrator). 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.In *Finch Discoveries* Ginger Wallis demonstrates how compelling science can be! She brings to life for young readers adaptation by rapid natural selection, one of the most important discoveries arising from Peter and Rosemary Grant and their colleagues decades-long research with finches. Wallis takes us from hatching to breeding, through extremes of drought and rainfall, and from individuals to populations to help us understand the importance of slight variations in beak size, and of novel behaviors, for reproduction and survival. It s a must-read for anyone interested in nature and the rules that govern all creatures. We need far more books like this to help young readers internalize the excitement and importance of science. Based on true events, the story takes the reader on two interconnected journeys, one of Adelita, a ground finch trying to survive in an ever-changing landscape, and the second, the scientific research of Peter and Rosemary Grant and their colleagues. The book is for kids, parents, grandparents, and teachers.
