Reviews

It is an awesome book that we have possibly go through. It is actually writter in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

FARMAGEDDON: THE TRUE COST OF CHEAP MEAT

Bloomsbury Publishing PLC. Paperback. Book Condition: new. BRAND NEW, Farmageddon: The True Cost of Cheap Meat, Philip Lymbery, Farm animals have been disappearing from our fields as the production of food has become a global industry. We no longer know for certain what is entering the food chain and what we are eating - as the UK horsemeat scandal demonstrated. We are reaching a tipping point as the farming revolution threatens our countryside, health and the quality of our food wherever we live in the world. Farmageddon is a fascinating and terrifying investigative journey behind the closed doors of a runaway industry across the world - from the UK, Europe and the USA, to China, Argentina, Peru and Mexico. It is both a wake-up call to change our current food production and eating practices and an attempt to find a way to a better farming future.
