

Practical Management of Hypertension (Paperback)

By -

Springer, Netherlands, 2011. Paperback. Book Condition: New. 235 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.This compact guide on the practical management of the hypertensive individual first saw light in 1990. The underlying concept was, and still is, to produce an easily accessible leaf-through type of mini-textbook on the hypertensive individual's condition and the many dilemmas that surround diagnosis, surveillance and intention to treat or not treat. Our primary aim has been to promote a utilitarian train of thought in the decision-making process in practice, whether general or specialistic. In pursuing this policy, we felt, however, that the terms of practical orientation and advice should be matched, in a concise form, to scientific arguments whenever possible. This cannot always be achieved in reality, so that some chapters unavoidably have a more scientifically-oriented flavour than others. For the eager reader in search of more scientific facts, selected references have been provided. One may rightfully wonder whether such a concept would not turn into a hybrid kind of hypertension guide. And, yes, this booklet has become something of a hybrid, a compromise between an ultra-lean and superbly pictorial compendium like the Clinician's Manual...

Reviews

This is the finest book i have got study right up until now. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Keanu Johns**

This is the finest book i have read until now. It is filled with wisdom and knowledge You can expect to like just how the author compose this ebook.
